

Thank you for taking the time to register your interest in becoming an ABa Mystery Customer.

Bear with us – we are in demand!

We are delighted that so many people are interested in joining our Assessor team, but the downside of this is that it *could* take a long while before we get in touch. Sign up with several companies to increase your Mystery Shopping work opportunities. Look out for those companies who, like us, are members of the MSPA (Mystery Shopping Providers Association).

It is all in the detail

Please make sure you fill every section, bearing in mind we will use these details to match your suitability to the requirements of our clients. Don't forget to fill in your date of birth accurately, any customer facing experience you have and, also important is the `Geographical Availability` section where we will match you to areas of the UK and Ireland, which we need covering.

Your details will be stored securely in line with the [Data Protection Act](#), and we promise not share your information with any 3rd parties.

There is a 4 stage recruitment process covering **call**, **Skype orientation**, **test assessment** and finally the **paperwork** stage (*provide photo ID and sign our codes of conduct and ethics*).

Before you continue please be aware:

You must have the right to work in the UK and Ireland. If you are successful in being selected for our team, you will be asked to provide proof of this at a later date.

You will be a [self employed](#) assessor and as such are responsible for your own Tax and National insurance contributions.

You agree to abide by our [Code of conduct/ethics](#).

Our Mystery Shoppers are precious to us and our most valuable resource so thanks again for taking the time to apply. We will be in touch when we are next actively recruiting in your area. If you are interested in joining the team at our South Manchester Head Office then please follow this [Link](#).
